# COUNTY BOND THEFT IS REVEALED

## HEAVY POLLING IS EXPECTED SATURDAY TO SETTLE RACES

One of the biggest votes ever polled in Comanche County is expected to be cast tomorrow when the qualified voters of Comanche County will be called upon to settle run-off campaigns in the County Judge's race, the County Clerk's race, Sheriff's race, the Treasurer's race, County Superintendent's race and in three Commissioners races.

In addition to those, there is the District Attorney's race covering three counties and the Representative's race which will be decided on by the voters of Comanche and Mills Counties.

Outstanding interest in the State races is centered in the Governor's contest with Attorney General James V. Allred who took the lead in the July Primary, opposed by Tom F. Hunter. Interest is also keen in the Attorney General's race in which Walter Woodward, of Coleman, State Senator from this district, is pitted against former District Attorney William McCraw, of Dallas who was in the lead in the first primary.

The polls will open at eight o'clock in the morning and close at 7 p. m.

Comanche voters will cast their ballots at the same places as in the July Primary with the Box for No. 1 being at the Court House Annex and for No. 2 near the middle of the block on the north side of the square.

### 20 Years Ago

**From The Comanche Chief, August 14, 1914**

Hilton Burks was elected a member of the State Dmocratic Excutive Committtee at the convention in El Paso Tuesday.

The Cotton Belt Dairy Instruction Car was here Monday and was open all day, being visited by a number of citizens interested in the dairy business.

Mrs. D. O. Smith, a resident of Comanche from 1876 up to a year ago, died at her home in Brownwood Wednesday.

Fleece Floyd, son of J. D. Floyd of this county, died at a Temple sanitarium last week.

Mrs. Woodrow Wilson, wife of the President, died last week.

President Wilson during the short time he has been president has had his share of troubles—the Mexican question, the tariff question, the currency question, and now the European War.

Taylor Higginbotham has been appointed head of the new Higginbotham store at Cross Plains.

There are now 2532 students the long session of the University of Texas, making that institution the largest in the South.

Prof. H. E. Wagner who has spent the summer with his father-in-law, E. H. Jones of Sidney, left this week for Beckville, Panola County, where he is superintendent of the High School. His wife's sister, Miss Grace, will attend school there.

Grady Callaway was licensed to practice law last week. This makes four lawyers in the Callaway family: Congressman Oscar Callaway; District Attorney-elect Gib Callaway, and Marcus, who recently received a diploma from the University Law School.

Cunningham and Bell will sell you a Studebaker "6" for $1550.

Word was received in Comanche this week that Judge G. H. Goodson who with Mrs. Goodson is visiting in Manitou, Colorado, is very ill.

A. W. Palmer and Miss Stella Hicks left this week for St. Louis where they will buy goods for Martin & Company.

Bud Wilson and family of the Sidney community left last week for a visit in Titus County. Bud said that he wanted to show those Sandlappers down in East Texas what Comanche County could do, hence he filled his trunk nearly full of big ears of corn, fine heads of maize and Osterita. If every one leaving Comanche County would do as Mr. Wilson is doing, Comanche County would get the advertising she deserves. It is doubtful if there is a better county in the State than Comanche. Where can you find a county which will produce successfully such a variety of farm products?

Hundred pound watermelons have been produced in Comanche County this year and the time may come when Comanche County will be a great melon shipping center.

George Hamilton has resigned as manager of the Hardin Lumber Company and has accepted a position with the Wm. Cameron company at Waco and C. E. Bailey of Hamilton has been transferred to Comanche.

### Hasse School Term Scheduled to Begin Monday, August 27

The Hasse School will begin its 1934-35 term Monday, August 27th, according to W. N. Woolsey, secretary of the school board.

All patrons of the school are urged to attend the opening, bring lunch, and help clean off the ground, he said.

The object of starting school this early is to run until crops are ready to harvest, and then turn out school during that season, Mr. Woolsey stated.

### EMERGENCY FEED AND SEED LOANS NOW AVAILABLE

The offices at Comanche and De Leon for Emergency Feed and Seed Loans are now busy receiving applications according to Miss Alice Roberson who is in charge of the local office at the State National Bank. Farmers and ranchmen who are in need of money for feed should make application at one of these offices, she said.

More than twelve thousand applications for Emenrgency Feed and Forage Loans for approximately $1,125,000.00 have been received from farmers and stockmen in the Primary Emergency Drouth Areas in Texas, New Mexico and Arizona.

The demand for feed and forage in the Emergency areas is increasing daily. Loans are made in monthly installments to cover purchases for feed for livestock, on farm and range, and to plant forage crops for supplementary feed.

### Comanche Chief Will Gather the Election Returns

**Following the usual custom, The Comanche Chief will again gather Election Returns Saturday night and will place them on the Bulletin Board for the benefit of the public.**

**County Chairman N. A. Palmer will have his office at The Chief Saturday night and under the new law unofficial returns must be made to him as soon as the count is complete or in cases where the count cannot be completed that night a report must be made at the time the polls close and every two hours thereafter.**

**Voters are urged to cast their ballots early so that no delay will come in counting. If the Chairmen of the boxes will telephone their returns to The Chief as soon as possible or bring returns to Mr. Palmer at that place, it will be appreciated. Phone No. 2.**

## PETTIT TO HEAD GRAMMAR SCHOOL

A. D. Pettit, Jr., of Gustine, was elected Principal of the Comanche Grammar School last week and has accepted the position.

Mr. Pettit has been principal of the Gustine High School for the last seven years and was re-elected for another term but resigned to accept the Comanche position.

After graduting from Comanche High School, Mr. Pettit attended John Tarleton College where he received his diploma. He later attended A. & M. College and is classified as a senior at that institution.

### Cotton 'Pegging' At 15 Cents Now Urged In Loans

According to a United Press dispatch dated at Texarkana, August 18, Senator Morris Sheppard and Representative Wright Patman urged that the current cotton price be "pegged" at 15 cents a pound.

They sent telegrams to President Roosevelt, Chairman Jesse Jones of the reconstruction finance corporation, and Secretary of Agriculture Henry A. Wallace urging that a 15-cent loan price be set by the government on the current crop.

The effect of such action would be to maintain the market price at the same level.

Senator John H. Bankhead of Alabama previously had asked the president to peg the price at 13 cents.

### Aged Citizen of Proctor Buried Friday, Aug. 17

"Uncle Raiford" Reid, aged and prominent citizen of Proctor and one of the few surviving Confederate Veterans of Comanche County, died at his home at Proctor Thursday, August 16th.

Funeral services were held at Graham Chapel Cemetery Friday afternoon with Rev. Gordon Barrett, pastor of the Comanche Baptist Church, officiating.

Mr. Reid was born in Mississippi on a plantation and was a member of one of the typical old Southern families.

He came to Texas and located in the Proctor community 59 years ago and became one of the best known citizens of the county. He served as County Commissioner and took an active interest in community affairs.

"Uncle Raiford" was the father of ten children, seven of whom survive. Mrs. Reid died several years ago.

Surviving children are: Hon. Virgil Reid of Oklahoma City, Associate Justice of the Supreme Court of that state; Maurice Reid of Dublin, Mrs. E. E. Croft of Proctor, Mrs. C. P. Guyger of Bangs, Mrs. Kate Malone of Waco, Mrs. J. W. Miller of Proctor, and Miss Isla Reid of Proctor.

Mr. and Mrs. Bryant Mallow were in Comanche Sunday visiting her parents, Mr. and Mrs. E. H. Jones. Mr. and Mrs. Mallow left Monday for California where they will make their home.

## CO HAS OPTION ON COTTON BELT RIGHT-OF-WAY

At a conference last week between the officials of the Cotton Belt Railway and members of the Commissioners Court of Comanche County, held at Gustine, an option on the Cotton Belt right-of-way from Comanche to the Hamilton County line was obtained with a proposed consideration of $100 per mile by the county. If only that part of the right-of-way between Comanche and Gustine is bought, the consideration is to be $150 per mile.

If the right-of-way is purchased, it is proposed to use it for the right-of-way for Highway No. 36 east from Comanche.

The consideration includes the fences on both sides of the right-of-way and this together with the dump of the railroad would effect a saving of much labor and expense in building the road, it is pointed out.

A tentative route has been surveyed between Comanche and the Hamilton County line, but after the Cotton Belt abandoned its line in Comanche County, officials of the State Highway Department have had under consideration the advisability of changing the designation.

The meeting at Gustine was attended by Leo Ehlinger, of the State Highway Department; Hilton Burks, Secretary of Highway 36 Association, and a number of Comanche business men in addition to members of the court and railway officials.

A meeting of Highway No. 36 Association was held at Cross Plains Tuesday and was attended by Hilton Burks who was accompanied from Comanche by Ex-County Judge P. M. Rice, of Hamilton, President of the Association.

## PLANS ARE MADE TO HANDLE CATTLE SITUATION HERE

About 300 cattlemen from different part of Comanche County met in the District Court Room Saturday, August 18th, to discuss general plans for expediating the cow buying program.

Dr. A. S. Barns, district supervisor; Judge H. L. Stewart, and County Agent J. A. Barton led the discussions as to proposed plans and best methods for speeding up the work.

Mr. Barton urges that cattlemen of the Comanche section meet at the Court House Saturday afternoon, August 25th, at 2 p. m. and select a chairman and two committeemen to serve the immediate section around Comanche.

With the limited allotment, the major problem is to reach first those cattle that are in actual distress. The county as a whole is short on range and feed crops due to drouth conditions. There is a shortage of water in some cases. The water will probably present the most serious conditions in certain cases, and wholehearted co-operation is urged on the part of individual producers in order that the cattle in actual distress may be moved first.

Only 450 cattle are allowed to be shipped from this county each week.

In order to promote this co-operation a plan was adopted whereby each community was urged to call a meeting and elect a permanent chairman and two committeemen to work with the cattle program in that particular community. The comittees will be responsible for the selection of the most distressed herds in the community and reporting to County Agent Barton each week.

Community meetings were held in the different communities Monday and Tuesday. Reports from these meetings indicate a good response from the people. Up to Wednesday noon the following community meetings were reported to the Agent's office with committeemen as listed. Those not reporting are urged to get the names of the committeen in the

**'Believe it or Not,' more rain has fallen in Comanche this year up to date than up to August 31, 1933, according to Bob Graham, Fire Chief and Weather Observer. Not only has it rained more this year, but more moisture fell during June and July of this year than during those months last year.**

Sherrill, Regional Manager, has announced. These loans will be made from the spring crop loan fund under regulations approved March 1. ### Absentee Voting Indicates Heavy Polling Saturday

With 147 ballots cast by absentee up to Tuesday morning as compared to 92 on the corresponding date two years ago, a heavy vote is expected in this county Saturday and may equal or exceed that of July 28th when 4780 votes were cast.

In 1930 the absentee voting in the run-off primary was 93 and in that year 4507 votes were polled in the August Primary.

Absentee voting in August was more than twice as great as that before the July Primary.

### Gold Rush May Follow Discovery At Santa Anna

According to an Associated Press dispatch appearing in the Brownwood Bulletin Tuesday afternoon, Coleman county and west Texas may get a gold rush. Not much publicity has been given a discovrey near Santa Anna mountains, but shiny metal found in slate by Ed Zenor of Santa Anna, according to an assay made by a Colorado smelter, contains gold in paying quantities.

The gold-bearnig ore was discovered two weeks ago by Mr. Zenor and according to a mining expert from Colorado assayed $91 per ton. The Colorado authority, Mr. Zenor said, expressed the opinion that immediately below the strata of gold-bearing slate or rock will be found still richer ore.

The present shaft extending from the surface of the upper level of the gold bearing ore is approximately 17 feet deep, about 6 feet in diameter and the ore is approximately three feet in denth. The ore lies between a strata of clay and bedrock beneath which the richer ore is expected to be found in varying denths.

Until the exact value of the ore is determined by a thorough test the shaft is being guarded closely.

### MISS BEASON WILL HEAD HOME EC. DEPT. IN LOCAL SCHOOL

Miss Francis Beason, of Bryan, was elected Home Economics Instructor of Comanche High School, at a meeting of the school board last week and has accepted the position.

Miss Bryan comes highly recommended from Willis where she has taught for the last three years. She is a graduate of the University of Texas.

One of the most sensational thefts ever committed in Comanche was revealed Sunday when F. A. Braun, Budget Adviser for Comanche County and ten other counties of Texas, was arrested at Dallas by Sheriff Dwight Brightman, of Comanche, and charged with the theft of two $1,000 Comanche County bonds. The arrest followed a trip to Dallas by Sheriff Brightman and County Judge H. L. Stewart after Judge Stewart had received a call from Dallas that a man had offered to put up a $1000 Comanche County bond to secure a loan of $500 from a Dallas loan company.

Braun made a written statement to Sheriff Brightman in which it is said that he admitted that he took the bonds from the office of County Treasurer George Hulsey, stating that he had to have some money.

When Sheriff Brightman and Judge Stewart arrived in Dallas Sunday they failed to find Braun's name listed in either the city directory or the telephone directory, according to the sheriff, and they then appealed to the Dallas Police Department for aid and Lieut. Roy Richburg of that department joined the two Comanche officials in the search for his residence. Braun's home was located in South Dallas on Myrtle Street where he was arrested by Brightman. He told officers that he had been living there for three years.

Braun was brought to Comanche Monday by the officials and placed in jail pending execution of his bond which was set by Justice R. B. Waldrop at $1000.00.

The two stolen bonds had been redeemed by Comanche County, but had not been canceled, and were therefore still negotiable.

When one of the bonds was presented to the J. Thomas Owen Company for collateral on a $500 loan, Owen began checking on the bonds and was informed by the Comptroller's Office at Austin that the bonds were on record there and were apparently negotiable. Owen then checked with Judge Stewart and found that the bonds had been stolen.

Both bonds were recovered. Since they had not been canceled and should they have been accepted as collateral for a loan, Comanche County would have had to pay the amount of the loan. The bonds were redeemed by the County the latter part of July and are said to have ben taken by Braun from the Treasurer's office here on the fourth Monday in July.

According to records of the Commissioners Court, Braun was employed by the County on August 14, 1933 to assist in making the county budget for 1934. He further assisted the Court with the budget and was in Comanche nearly every fourth Monday thereafter to attend meetings of the Court.

Braun came highly recommended to the Court and since he was in the employee of other counties, was permitted access to the necessary records in making out the budget.

Mrs. Louise Black Moore returned last week from an extended visit in Dallas.

Miss Lucille Bruton and Mrs. Jim Slack were Dallas visitors last week.

## $131,000 Paid to Coryell County During Past Twenty-five Years

More than $231,000.00 paid in salaries during the past 25 years to District Judges, District Attorneys and Court Reporters for the 52nd Judicial District composed of Comanche, Coryell and Hamilton Counties.

Of the near quarter million dollars named above, $131,000.00 has been paid to citizens of Coryell County, $86,000.00 has been paid to citizens of Hamilton County, and $14,000.00 to a citizen of Comanche County.

Coryell County now has both the District Judge and District Attorney and Hamilton County has the Court Reporter. Comanche County has not had the District Judge for 25 years; has not had the District Attorney for sixteen years.

# WORLD'S LOWEST PRICE FOR A SIX

CHEVROLET PRICES HAVE BEEN REDUCED AS MUCH AS $50

Drive it only 5 miles and you'll never be satisfied with any other low-priced car

CHEVROLET

The exceptional popularity which Chevrolet has enjoyed for many years has naturally had its effect on Chevrolet prices. Large sales have enabled Chevrolet to maintain consistently low purchase prices, which were recently lowered even further. As a result Chevrolet now offers you the lowest priced six-cylinder automobile obtainable—a big, comfortable car with Fisher Body styling and refinement—safe, weatherproof, cable-controlled brakes—the smoothness and economy of a valve-in-head, six-cylinder engine—and typical Chevrolet dependability. In offering this car, and the Master models, at substantially lower prices, Chevrolet hopes to repay the motoring public in some measure, for consistently placing Chevrolet so high in public favor

**Black-Draught Brings Refreshing Relief of Constipation Troubles**

Constipation produces many disagreeable sensations, several of which are mentioned by Mr. T. E. Stith, of Boonville, Ind., who writes: "I have used Thedford's Black-Draught many years when needed for biliousness and other minor ills when a laxative was needed. I have a tight feeling in my chest when I get bilious. I get dizzy and feel very tired, just don't feel like doing my work. After taking Black-Draught, I feel much better. This is why I continue to use it when needed." . . . Thedford's Black-Draught is a good, purely vegetable laxative, obtainable for 25¢ a package.

WHY NOT VOTE FOR

**Hollis Burton**

of Newburg

**For County Clerk**

For a third time (not third term) he has offered for County office.

In 1928 when only 24 years old he liked only 80 votes entering run-off. 1932 he liked only 48 votes entering run-off. In recent primary he lead a field of four in County Clerk's race with a total of 1365 votes.

He has never held a public office. His opponent was District Clerk 1920-1924. Why not give Hollis Burton the same opportunity his opponent has already had?

**He Will Appreciate Your Support**

**I. M. (Mitchell) Davis**

—FOR—

**County Treasurer**

I wish again to thank the voters for the lead of 573 votes given me in the First Primary.

I shall deeply appreciate your continued support and will be grateful for the support of those who voted for other candidates, in the first primary, who are not now in the race.

I. M. (MITCHELL) DAVIS
CANDIDATE FOR COUNTY TREASURER.

**Vote For WID SPIVEY For Sheriff**

He is not a politician, has never asked for an office before, has lived 36 years in the county, and is 37 years of age.

He is a good, law abiding citizen, and has the endorsement and unqualified support of his neighbors

His neighbors and friends know that he is absolutely sober, having never used any kind of intoxicants. He is honest, courageous, cool-headed, and capable. He will treat all classes alike and will be true to the trust placed in him by the people.

Mr. Spivey volunteered his services in the World War, and has never failed to serve his State or community in any way that he could.

His opponent is asking for a third term, and Mr. Spivey is asking for a first term. Should any voter be inclined to be misled at the last minute by opposing propaganda, ask Mr. Spvey's neighbors, ask business men, and bankers of Comanche.

**This appeal to the voters is written and paid for by the friends and neighbors of Wid Spivey.**

TO MOZELLE
(An Original Poem)

Its not complaining when we think
of death as something bad,
Its just because thoughts of it
make us feel heartbroke and sad,
it kinda leaves an empty spot—
a feeling we can't explain
Sorter like the thirsty earth that
opens up when it doesn't rain.

They tell us death is but the
sound of some distant alarm
To warn that day is done and
night has fallen soft and warm.
This may be true, I cannot say,
but one sure thing I know:—
Something dies within us when we
have to sit and watch 'em go.

Life is so essentially good, and
She was so fine and fair
That its hard to explain why we
are here and She is there.
We know, of course, that life on
earth must sometime end
And yet it hurts us pretty bad
to know we've lost a friend.

The cemeteries are full of those
who died in ripe old age,
But their books of life had writing on their every page,
But this, you understand, is a
kind of different scene
Because Her book had to close
when She was just seventeen.

We're not fussing because Nature
seems to be unfriendly now,
We're just tryin' to understand
it and its hard to know how,
For they tell us She has gone to
some place far up above
And all we have to prove it by
is Faith and Hope and Love.

There's one sure thing we know:
Her life was not spent in vain,
And even though we suffer now,
we're glad to bear the pain
Of losing Her to a fuller life,
a life sweet and clean,
Where She can begin all over again at the age of seventeen.

But a scene like this, as sad as it may be, certainly cannot erase
The beauty of Her auburn hair,
the sunset color of Her face,
The love that filled Her soul,
the songs She has sung,
We're just disappointed 'cause it
seems She had to go so young.

But now we turn from this sad scene to things of days yet to be,
When friends come to pay their
last respects to you and me.
So, let us live, if we can, a life
so sweet and pure and clean
That friends will be as proud of
us as we are Her at seventeen.

—By Rev. Ben Parker.

### THE LAST CALL

The Missionary Baptist Churches of Comanche County Baptist Association, will convene with the Mercers Gap Church, Wednesday, August 29, 1934 at nine o'clock A. M.

It is very important that all churches will make a full and complete report of the past year's work. Remember that we are making history that will last, after we who are making this history are long forgotten. Be sure to give the names of your pastor, Sunday School Superintendent, Board Members and their post offices. Write plainly the names and date of death of all deceased members. Do not fail to collect some money for minutes and maintenance of the association, and send same with your letter to the association.

Ask great things of God, expect great things from God; then do your best to bring your prayers and expectations to pass; and you will not be disappointed.

Now unto Him that is able to do exceeding abundantly above all that we ask or think, according to the power that worketh in us, unto Him be glory in the churches by Christ Jesus throughout all ages, Wold without end, Amen. Ephe. 3:20,21.

T. N. Carter, Moderator,
Gordon Barrett, Cor. Secty.

## To The Voters of Comanche County

I wish to take this last opportunity to thank the voters for the splendid support given me in the July Primary which lacked only 279 being a majority of all votes cast

I am counting on your continued support Saturday and will deeply appreciate the vote of any who voted for other candidates in the first primary.

I have appreciated very much working for the citizens of Comanche County during the last 3 1-2 years and upon my record alone I am asking to be re-elected.

I feel that it is through the splendid co-operation of the citizens of Comanche County that my administration as your Sheriff has been a success. No officer ever received more loyal support.

I feel that my experience better qualifies me for the office than when I was first elected and in asking for another term I am breaking no precident as my predecessor, J. T. Gilbreath, held the office 6 years

I have lived in Comanche County for 35 years.

I enlisted in the Army in 1917 and spent almost 17 months Over-Seas

Every citizen of Comanche County is invited to inspect my records pertaining to fees.

I believe in clean politics and have made a clean race. I do not believe in last day propaganda and will have no further published statement unless I am forced to answer false reports should they be circulated against me.

It has been my desire to talk with every voter personally, and if I have not done so, it has been because I was busy with official duties. During the last 30 days I have arrested 8 persons charged with theft or burglary and have recovered more than $2200 worth of property for the citizens of Comanche County.

Remember that I will deeply appreciate your vote and influence.

For Representative

Bill and I were fishing in the bay. Returning we found that the boat was overloaded. Bill wanted to reduce the load by throwing out part of my fish.

The main tax load on the Automobile is the license fee and the gas tax. All of the license fee is applied to the lateral roads. None of the gas tax is so applied.

Our Representative proposed to reduce the license fee and not reduce the gas tax. He wants to throw out part of our fish.

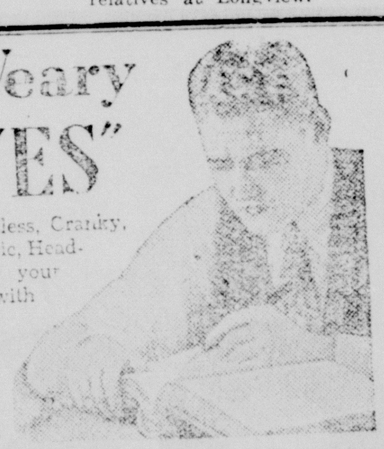
Work Weary "NERVES"



Do they make you Restless, Cranky, Tired, Sleepless, Dyspeptic, Headachy? Do they spoil your pleasure and interfere with your work?

Tens of thousands have found a way to get relief from overworked nerves—a way so simple, so pleasant, so low in cost, that we are constantly receiving letters that say, "If I had only found Effervescent Nervine Tablets sooner." Simon Brandt writes: "I was very nervous from over-work. I couldn't sleep well, appetite was poor, and I felt weak for a long time.

"Used Dr. Miles' Nervine and now feel fifteen years younger and I am working the same as I did before—fourteen to fifteen hours daily.

"Sorry I did not learn about this wonderful medicine sooner as I had tried everything I could hear of, without results, until Dr. Miles' Nervine put me back on my feet."

When you are nervous, try this—put a Dr. Miles' Effervescent Nervine Tablet into a glass of water. Watch it bubble up like sparkling spring water—drink it—enjoy the feeling of calm and relaxation that follows.

Simon Brandt

In Dr. Miles' Effervescent Nervine Tablets a splendid formula for soothing overwrought nerves is combined with bicarbonate of soda and citric acid which tend to correct hyper-acidity—a frequent cause of nervousness.

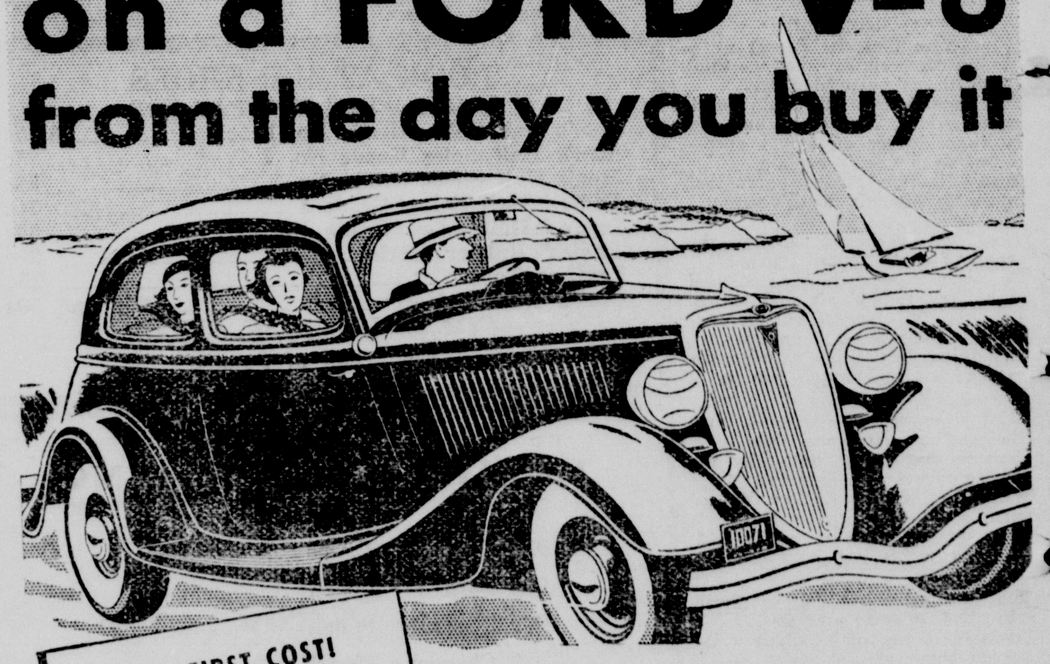
You'll Save on a FORD V-8 from the day you buy it



LOW FIRST COST! $505 and up, F.O.B. Detroit. Ford V-8 prices are at their 1934 low.

LOW UPKEEP COST! The new Ford V-8 is the most economical car to run that Ford has ever built.

HIGH TURN-IN VALUE! Year after year the record shows that Ford cars retain an unusually great per cent of their original value.

THE Ford V-8 would be a great buy even at a much higher price. It's the only V-8 selling for less than $2500. Ford alone has been able to put a V-8 engine in a low price car.

The first cost of a Ford V-8 is decidedly low. But that saving is only the beginning . . .

Ford V-8 valves seldom need grinding. Carbon removal is virtually eliminated. The new Ford V-8 consumes less gasoline and oil than last year's economical Ford. And Ford V-8 parts cost very little.

In addition, on that distant day your Ford V-8 earns its honorable retirement, you'll find that it has a high trade-in value. The record of years proves it.

ate exceed $250.00 and any applicant applying for a loan in excess of $150.00 must submit written evidence that his application for a loan of approximately the same amount has been rejeced by a Production Credit Association.

Applicants may submit their applications to county loan committees already established in the the various counties of the Region where emergncy crop financing may be required.

Advices received from Washington permit additional advances to farmers in the drouth areas for the purchase of winter seed wheat, rye or barley, or for summer fallowing, or both, Mr. Sherrill said.

Mr. Sherrill states that in no case can a borrower obtain a loan for the purchase of winter seed wheat, rye or barley, or for summer fallowing, or both, during the year 1934, in excess of $400 or an aggregate from the 1934 Emergency Crop Loan fund exceeding $750.00.

As as explanation, a borrower who has received a crop loan of $250.00 and a wheat loan of $200 will be eligible for an additional wheat loan of $200.00 if located in the drouth area. If the borrower has received a wheat loan of $400, he will not be entitled to an additional loan to assist him in the planting and cultivating of his wheat crop.

The time for making loans for summer fallwoing and for the purchase of seed wheat has been extended to September 15, 1934.

## MCCORKLE ASKS SUPPORT IN RACE FOR CO. SUPT.

In asking for the office of County School Superintendent I am not unmindful of the responsibility placed upon the one holding that place. It goes without saying that every father and mother is interested in the welfare of their child. They are willing to make every sacrifice necessary to make it possible for their child to receive the very best training within their power to provide. The County Superintendent should work hand in hand with the parents and teacher in seeing that every child has an opportunity to secure education. Then as you the soverign voters of the county are to select some one to fill this important place, you are entitled to know something of the qualification and policies of the man you are to vote for.

**Qualifications**

1. I am 44 years old, married and have three children, all of school age. I am thus interested both as a parent and teacher in the schools.

2. I have high school and college education.

3. I have 22 years teaching experience, 16 years in this county and have taught in every type of school in the county.

4. I have tried to keep myself posted as to the trends in education by reading and by attending school during the summer. In recent years I have made a special study of rural and agricultural education.

5. I have been teaching for the past several years in schools receiving state aid, high school tuition, and transportation aid and thus have been keeping in personal touch with this phase of the County Superintendent's work.

6. I have been active in the community life where I have lived. I have always assumed the duties and responsibilities of a citizen.

7. Character—you should know of the morals and ideals of the man you select as your Coounty Superintendent. Most of my life has been spent in this county. It is not perfect, but I have nothing to cover up. I invite you to ask those who have known me from childhood.

**Policies.**

I wish to state the following policies as being some of the things I stand for now and have stood for and worked for in the past. I intend to work with you to the end that some of the things set forth here may be realized.

1. I believe every American citizen has certain fundamental rights which should be held sacred. I want these rights to be respected in so far as our schools are concerned.

2. I believe in a sane progressive school system founded upon fundamental American principles of government and in harmony with progress in other lines of endeavor.

3. I believe in raising the standards of our teachers, but it should be done in such a way that it will give the young teacher a chance and also protect the teacher who has spent years in the school room.

4. I believe every child should have the advantage of a high school education.

5. I believe in local self government as a fundamental American principle.

6. I believe in consolidation of schools when done by the vote of the majority of the patrons of the schools concerned.

7. I believe in the work of the Interscholastic League as a means of fostering interest in our school work and of furnishing social contact with other communities.

8. I believe the school should be made a community center by fostering programs, entertainments and community meetings.

9. I believe the course of study for the rural schools should encourage more vocational and industrial work.

Sincerely yours,

B. RAY McCORKLE

Candidate for

COUNTY SUPERINTENDENT

## COMANCHE CO. IS ENTITLED TO HAVE DIST. ATTORNEY

For more than twenty-five years Comanche, Coryell and Hamilton Counties have composed the 52nd Judicial District; Counties fairly equal in population and wealth.

Till twenty years ago the District Judge and District Attorney composed the official family of the District; at that time the Court Reporter was added.

For the past twenty-five years Coryell County has had the District Judge seventeen years, the District Attorney eleven years, and the Court Reporter eight years; Hamilton County has had the District Judge eight years, the District Attorney eight years and the Court Reporter twelve years; and Comanche County has had the District Attorney for four years, and has had no recognition at all for sixteen years. From the foregoing it appears that during this twenty-five year period Coryell County has furnished more than fifty per cent of the official family; Hamilton County forty per cent, and Comanche County less than ten per cent. During this period there has been paid in salaries to the officials named above $230,000.00; of this amount approximately $120,000.00 was paid to citizens of Coryell County, approximately $90,000.00 to citizens of Hamilton County, and less than $20,000.00 to Comanche County citizens.

All things being equal Comanche County would be entitled to a full one-third representation in the official family of the District, and now that Coryell County has both the District Judge and District Attorney, and is assured of the District Judge for four years more, and Comanche County is offering for District Attorney, Tom F. Reese, a young man of experience, ability and character, a man the equal of his opponent, when measured by any standard of merit, Comanche County is justified in urging that the voters of the 52nd District vote for Tom F. Reese, for District Attorney.

**I Can't Sleep**

**YES -you can**

Are you one of these nervous people who lie awake half the night and get up feeling "all in"?

Why don't you do as other light sleepers have been doing for more than two generations—take Dr. Miles Nervine?

One or two pleasant effervescent Nervine Tablets or two or three teaspoonfuls of liquid Nervine will generally assure a night of restful sleep. Perhaps you will have to take Nervine two or three times a day just at first.

Nervous people have been using Dr. Miles Nervine for *Sleeplessness, Nervousness, Irritability, Restlessness, Nervous Indigestion, Nervous Headache, Travel Sickness,* for more than fifty years.

**Why the Sudden Change to Liquid Laxatives?**

Doctors have always recognized the value of the laxative whose dose can be measured, and whose action can be thus regulated to suit individual need.

The public, too, is fast returning to the use of liquid laxatives. People have learned that a properly prepared liquid laxative brings a perfect movement without any discomfort at the time, or after.

The dose of a liquid laxative can be varied to suit the needs of the individual. The action can thus be regulated. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

*The wrong cathartic may often do more harm than good.*

Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly *safe.* Its laxative action is based on senna—a *natural* laxative. The bowels will not become dependent on this form of help. Dr. Caldwell's Syrup Pepsin is at all druggists. Member N. R. A.
